SUMMARY

Computer Science undergraduate student at KIIT University with strong foundation in algorithms, data structures, and programming languages like c,c++,java,python.strong background in front-end development.Adept at problem-solving and eager to contribute innovative solutions. Seeking opportunities for growth and hands-on experience in the tech industry.

EDUCATION

Kalinga Institute of Industrial Technology — Bhubneswar, Odisha
Bachelor of Technology in Computer Science engineering — *Aug 2021 – April 2025*
- Cumulative GPA : **8.17/10.0**
- Relevant Coursework:Algorithms and Data Structure, Database Management System, Operating System, Computer Network, Linear Algebra, Discrete Mathematics, Fuzzy Logic and Neural Network, Big Data

WORK EXPERIENCE

Java Developer — June 2023 - july 2023
Central Coalfield Limited — *Ranchi, Jharkhand*
- * indulge in project of Bank managament system
- * Working on creating an end-to-end project using File handling..

TECHNICAL SKILLS

- * **Programming Languages**: Java, Javascript, C/C++, Python,HTML,PHP,SQL
- * **Back-end and Front-end Development**: HTML, CSS, Javascipt , React, Node js, PHP,
- * **Machine Learning(Basic), Natural language processing(Basic)**

PROJECTS

.Green Heritage Responsive website-With the help of HTML,CSS,javascript
.Catering website-using HTML,CSS

.Travel website-Incorporated HTML and CSS skills to design and develop a travel website,

.

.Python Project-Amazon Review using Sentiment Analysis
· **using transformer model like** ROBERTA and VADER as well as tools like NLTK,PYtorch,seaborn
· Project helps to **optimize the stratergy** and **improve customer happiness** .

PERSONAL QUALITIES

- * **Ability to work under pressure** Skilled in effectively managing tasks under pressure, ensuring timely completion while maintaining quality standards
- * Capable of **working independently and collaboratively within teams** to achieve project goals effectively and efficiently., *also good logical,Analytical and computational skills*
